

FRANKIA

Impressive performance

Highlights of the FRANKIA TITAN

The FRANKIA TITAN is the all-rounder among the luxury liners on a Fiat Ducato platform. Choose from five integrated floor plans with a length of eight to nine metres. Whether power drop-down bed, separate beds or extra-wide queen-size bed – it's up to you how you want to live and sleep.

More ground-breaking ideas – thanks to strong partners

Never rest, continue to improve, create something special – this has always been our aim with FRANKIA models on a Fiat Ducato platform with an AL-KO low frame. 37 years ago, today and tomorrow.

Way more storage space

Extra-large rear storage compartment with a height of 1.24 m, FRANKIA double floor (stepless and heated) with a continuous height of 35 cm and many clever storage solutions in the interior

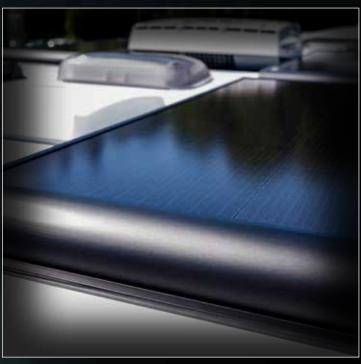

More standard features for maximum comfort

Fully insulated Thermo Guard Plus wall structure with 11-year warranty, Alde Compact hot water heating system, up to 300 l XL fresh water tank

More driving pleasure with Fiat Ducato

All inclusive: New cockpit, 90 I diesel tank, 9-speed automatic gearbox, eco-friendly AdBlue Technology, rear-view camera and much more

More technology for greater independence

Only the FRANKIA TITAN has it: Unique technology package including two 100 Ah LiFePO4 batteries, 2 x 115 W high-performance solar system, 1,700 W sine wave inverter and much more

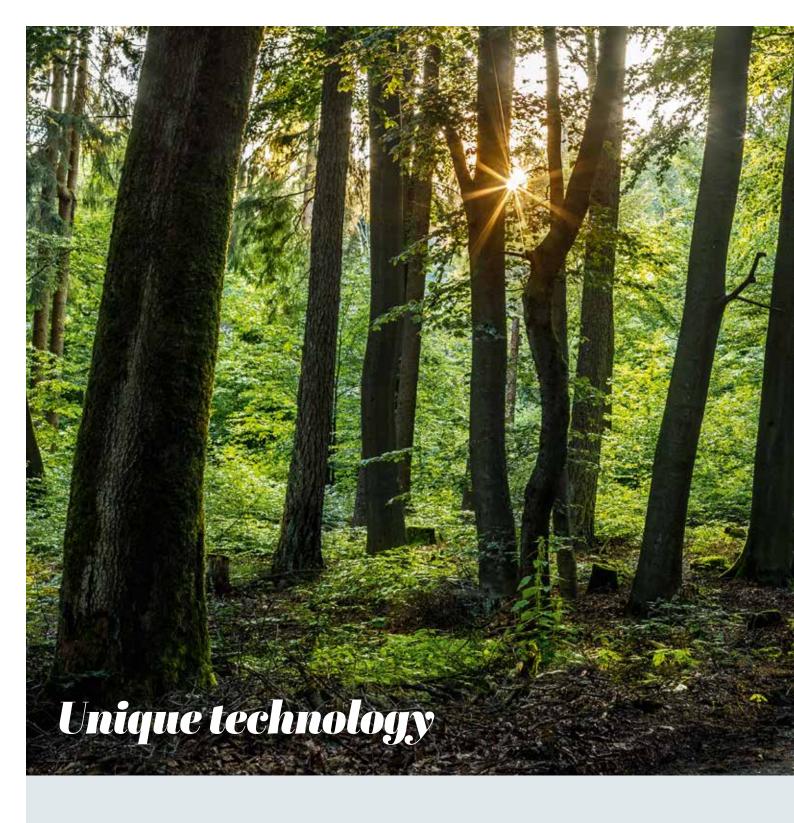

More impressive than ever: Living and travelling in the FRANKIA TITAN I 890

Luxury liner with a length of nearly 9 m, 5.5 t total weight standard and bar-style seating. It's your choice: Separate beds with a length of 2.10 m or 1.60 m wide queen-size bed

More freedom with the next-generation luxury **liner: FRANKIA TITAN Next**

Enjoy greater independence: FRANKIA's new luxury liner sets new standards in self-sufficiency with the iNDUS smart sanitation system

cruise control

Fiat Ducato 180 Multijet power: 9-speed automatic gearbox - maximum driving comfort and better utilisation of torque (+5%); also eco-friendlier thanks to standard AdBlue engine (greater efficiency and lower emissions)

Now with even more power - even with little sunshine

Use 230 V consumers without restrictions; integrated mains priority circuit

Ensures that your LiFePO4 battery is always charged quickly and safely

State-of-the-art technology: Safe, maximum-capacity LiFePO4 technology

Battery booste

Quick charging of the on-board batteries – even on short trips

Battery computer / solar remote display

Always in view: Current power consumption and battery charge

Aluminium rims

Standard in the FRANKIA TITAN

ALDEN satellite system

Always well informed and entertained: With automatic HD satellite antenna

5.5 metre awning by THULE

Standard in the FRANKIA TITAN

FRANKIA Thermo Guard Plus

Innovative wall and floor structure with a wall thickness of 34 mm and 11 year water ingress warranty standard
